Following the 4th of August tragedy, arcenciel aided in the relief efforts following the explosion to live in safe and dignified conditions through furniture refurbishment for 20 households. The project was led by ACTED in partnership with Concern World Wide, INTERSOS, Lebrelief, and arcenciel for emergency repair of shelters for the vulnerable. The project was implemented between August 2020 and February 2021 and cost €102,000.

The AFD project will take an initiative to set up a local center to provide furniture upholstery, carpentry and painting for the Beirut blast victims. This project was implemented between September 2020 and April 2021 and cost €341,000.

The project aims at providing equipment needed for the recycling of glass taking place in arcenciel. This project was implemented between September 2020 and December 2020 and cost €6,160.

In support of Beirut, arcenciel organized a sale of furniture coming in from hundreds of destroyed homes across Beirut. The services include furniture refurbishment and glass recycling. The sale was held in Karantina to refurbish damaged furniture, and a space was rented in Clemenceau, Beirut. The project will identify people who need home rehabilitation assistance. The project was implemented between September 2020 and September 2021 and cost €810,000.

The project will identify people who need home rehabilitation assistance. The project was implemented between September 2020 and September 2021 and cost €810,000.

The project aims to enable the most vulnerable families affected by the explosion to live in safe and dignified conditions through furniture refurbishment for 20 households. The project was implemented between September 2020 and April 2021 and cost €341,000.
